## EDUCATION

Year	Degree	Field	Institution
2024	Dr.P.H.	Epidemiology	Department of Epidemiology, Columbia University Mailman School of Public Health, New York, NY, USA
2012	M.P.H	Epidemiology	National Institute of Public Health, Cuernavaca, Mexico
2008	M.D.	Physician	College of Medicine, Autonomous University of Nuevo Leon (UANL), Monterrey, Mexico

## TRAINING, SPECIALIZATION, AND INTERNSHIP

2016-present	Substance Abuse Epidemiology Training at Policy and Health Initiatives on Opioids and Other Substances (PHIOS), Columbia University
2014-2018	Social Epidemiology Cluster, Columbia University Mailman School of Public Health
2005	Vascular Surgery and Angiology Rotation, Ferrara University Hospital (Universita degli Studi di Ferrara)
2005	General Surgery and Neurosurgery Rotation, Neurology and Neurosurgery Medical Center, Giessen University Clinic (Universitätsklinikum Giessen, Medizinisches Zentrum für Neurologie und Neurochirurgie)
2005	Plastic Surgery, Gastroenterology, and Traumatology Rotation, Northern Ostrobothnia Hospital Oulu District University Hospital

## RESEARCH FELLOWSHIPS

2024-present	Post doctoral research scientist in the Substance Abuse Epidemiology Unit Department of Epidemiology, Mailman School of Public Health, Columbia University
--------------	---

## PROFESSIONAL APPOINTMENTS

### OFFICER OF RESEARCH, DEPARTMENT OF EPIDEMIOLOGY, COLUMBIA UNIVERSITY MAILMAN SCHOOL OF PUBLIC HEALTH, NEW YORK, US.

2024-present	<p>Postdoctoral Research Scientist, main assignments in data management and conduct analysis for an ongoing project focused on how opioid policies and policies that regulate substance use during pregnancy affect maternal and infant health outcomes (Martins and Philbin, MPIs). My duties include:</p> <ul style="list-style-type: none"><li>- organization of longitudinal state-level database of substance use policies</li><li>- analysis of administrative datasets (Medicaid, MarketScan);</li><li>- submit grants and manuscripts;</li><li>- communication of findings as oral presentations and scientific posters on scientific conferences;</li><li>- plan and perform statistical analyses on the field of substance abuse epidemiology with emphasis on the effects of opioid policies and substance abuse policies that target pregnant women.</li></ul>
--------------	--

### RESEARCH APPOINTMENT, DEPARTMENT OF EPIDEMIOLOGY, COLUMBIA UNIVERSITY MAILMAN SCHOOL OF PUBLIC HEALTH, NEW YORK, US.

2015-2024	<p>Graduate Research Assistant, main assignments on the Substance Abuse Epidemiology Unit:</p> <ul style="list-style-type: none"><li>- design and conduct research studies;</li><li>- submit grants and manuscripts;</li><li>- communication of findings as oral presentations and scientific posters on scientific conferences;</li><li>- plan and perform statistical analyses on the field of substance abuse epidemiology with emphasis on the effects of drug policies, cannabis, opioids, and substance use disorders.</li></ul>
-----------	--

**RESEARCH APPOINTMENT, DEPARTMENT OF EPIDEMIOLOGY, UNIVERSITY HOSPITAL “DR JOSÉ ELEUTERIO GONZÁLEZ”, AUTONOMOUS UNIVERSITY OF NUEVO LEON, MEXICO**

2012-2014	Epidemiologist, main assignments at the Impulsive Behavior Ward (inpatient unit), and at the adult and elderly psychiatric outpatient units: <ul style="list-style-type: none"><li>- conduct data analysis on patient quality-of-care research;</li><li>- participated in decisions, research, and intervention planning regarding patient safety interventions, health quality assistance and monitoring;</li><li>- participated in designing, monitoring and evaluation of the pharmacovigilance surveillance system.</li></ul>
2012-2014	Board Member of the Hospital Patient Safety and Quality Assistance Committee
2012-2014	Board Member of the Hospital Pharmacovigilance Committee.
2009-2010	Physician Scientist, main assignments at the department of Clinical Epidemiology: <ul style="list-style-type: none"><li>- conducted data gathering and data analysis;</li><li>- wrote hospital reports on the prevalence of Nosocomial Infections on Public Hospitals of the Secretariat of Health, a Multicenter Survey;</li><li>- coordination and member of UANL University Hospital Influenza Committee;</li><li>- decision making concerning H1N1 influenza patient care, such as prevention of future transmission and isolation, during the H1N1 pandemic;</li><li>- diagnosis and treatment of patients with suspected H1N1 influenza;</li><li>- outbreaks investigation of influenza H1N1;</li><li>- participation in the Infectious Diseases department's Journal Club reviewing clinical cases, latest research articles, infection control and isolation strategies</li></ul>

**CLINICAL APPOINTMENT, MEDICAL SERVICES FOR UANL EMPLOYEES, UNIVERSITY HOSPITAL “DR JOSÉ ELEUTERIO GONZÁLEZ”, AUTONOMOUS UNIVERSITY OF NUEVO LEON, MEXICO**

2010	Family Medicine Physician, main assignments: diagnosis and evaluation of patients as an attending physician in the Family Medicine policlinic.
2008-2009	Primary Care Physician, main assignments in the Department of Infectious Diseases: <ul style="list-style-type: none"><li>- evaluation of hospital admissions of patients to the Infectious Disease Department;</li><li>- evaluation of medical referrals to the Infectious Disease Department;</li><li>- interpretation of bacterial cultures, Gram tests, and identification of bacterial strains;</li><li>- intra-hospital reports on patient HIV statistics;</li></ul>

**PROFESSIONAL AFFILIATION**

2008-2014	Physician, General Practitioner/Family Medicine – Mexican License number (cedula): 6039713
2016-present	Member-in-Training College on the Problems of Drug Dependence (CPDD)
2016-2022	Editor of American Journal of Public Health Global News
2018-present	Member of the Society for Epidemiologic Research (SER)
2020-present	International Subcommittee of the Society for Epidemiologic Research (SER)
2020-present	Membership and Nomination Committee Member of the Society for Epidemiologic Research (SER)
2022-present	International Consortium on Visual Health, Mexico
2022-present	Student Representative of the Mexican Regional Chapter of the Society for Epidemiologic Research (SER)
2024-present	Mentoring Committee of the Mexican Regional Chapter of the Society for Epidemiologic Research (SER)

**AWARDS**

2024	The William Jenkins Award in Epidemiology and Social Justice dissertation award. Columbia University Mailman School of Public Health.
2020	NIDA Women & Sex/Gender Differences Research Junior Investigator Travel Award, CPDD 82th Annual Scientific Meeting
2018	NIDA Women & Sex/Gender Differences Research Junior Investigator Travel Award, CPDD 80th Annual Scientific Meeting
2018	Best Student Abstract Accepted for the Society for Epidemiologic Research 2018 Annual Meeting
2014	National Science and Technology Council (CONACyT) Doctoral Scholarship
2010	National Science and Technology Council (CONACyT) Masters Scholarship
2008	Academic Excellence award for score on Medical Knowledge Exam EGEL-MG CENEVAL
2000	Second place in the 10 <sup>th</sup> National Mexican Olympics in Biology
2000	Summer of Scientific and Technology Research Award at the Autonomous University of Nuevo Leon (UANL)
1999	First place in 10th Statewide Olympics in Biology for the State of Nuevo Leon

**FUNDING**

<b>R01DA059376</b>	Martins (PI)	09/30/2023 – 08/31/2028
--------------------	--------------	-------------------------

Title: Social Safety Net Programs as Interventions to Reduce Opioid-Related Harms in Reproductive Age Women

Role: Graduate Research Assistant

Summary: We propose a mixed-methods convergent parallel design to comprehensively evaluate the separate and combined effects of UI, SNAP, TANF, EITC, and Medicaid (including pathways and mediators), on opioid-related outcomes among low-income parenting women; findings will have concrete real-world impact providing actionable and politically feasible recommendations for changes in these programs to reduce opioid-related burden and promote women's wellbeing.

Total costs: \$ 4,004,867

**R01DA053756 -01A1**

Martins & Philbin (MPI)

08/01/2022- 06/31/2027

Title: State-level Opioid Policies and Policies That Regulate Substance Use During Pregnancy: A Mixed-Methods

Exploration of Their Effects on Maternal and Infant Outcomes

Role: Graduate Research Assistant

Summary: This project aims to conduct a 50-state survey to create a database of state-level prenatal opioid policies and then to examine the longitudinal effects of these, and general state opioid policies, on opioid outcomes in pregnant women and newborns; we will also test for effect modification by age and race/ethnicity. We will then categorize each state's opioid policy climate (using both general and prenatal-specific policies) and examine the effects on the same opioid use outcomes as Aim 1. Lastly, we will conduct interviews with key informants and pregnant women who use opioids to explore policy implementation and enforcement across states with varying policy climates, and the mechanisms through which these policies influence pregnant women's lives).

Total costs: \$4,049,756,00

**Columbia President's Global Innovation Fund**

Martins (PI)

06/01/2020- 05/30/2022

Title: Overdose Deaths in Brazil, Colombia, Mexico and the USA; A Comparison Analysis

Role: Graduate Research Assistant

Summary: The overall aim of this proposal is to build capacity among researchers from Brazil, Colombia, and Mexico in the fields of epidemiology and psychiatry to analyze large datasets with secondary data available in each country in order to produce high-quality reports with information about drug overdoses and fill an important gap in the current knowledge. With that, we plan to better understand the drug scenario in the countries of interest and build up a solid background to shape specific public policies directed to high-risk populations.

**1R01 HD060072**

Martins, Canino and Duarte (MPIs)

04/01/2014- 03/31/2019

Title: Predictors of Impulsive Behavior Among Youth

Role: Graduate Research Assistant

Summary: This study integrates a developmental model of PG, Blaszczyński and Nower's Pathways model (so far only examined cross-sectionally) with a context-and intervention-informed developmental model of other risk behaviors (Ecodevelopmental theory). We will collect new information about gambling behaviors and PG on a high-risk population of 1,100 youth/young adults from two population-based samples of Puerto Rican (ages 15-26) from two sites: the South Bronx (SBx), NYC and San Juan, Puerto Rico (PR) by taking advantage of an ongoing study, the Boricua Youth Study. This is a competing continuation of former proposal "Predictors of Pathological Gambling among African-American Young Adults", Martins (PI). Total costs: \$214,991 (direct costs only).

Role: Graduate Research Assistant – Co-Investigator

**1R01 DA037866-01**

Martins (PI)

09/15/2014- 08/31/2019

Title: State Medical Marijuana Laws and NSDUH Marijuana Use and Consequences Since 2004

Role: Graduate Research Assistant

Summary: In this project we propose to investigate the relationship between medical marijuana laws with marijuana use, marijuana use disorders and consequences of marijuana use in both adolescents and adults, using an outstanding resource, the restricted access data files from the National Survey on Drug Use and Health (NSDUH), 2004 and onwards.

Total costs: \$2,065,361 (Direct costs: 1,590,206)

## TEACHING EXPERIENCE

2021-2022	Course: EPIOP6400 Principles of Epidemiology. Instructor. Online Master of Science in Epidemiology. Department of Epidemiology. Columbia University Mailman School of Public Health.
2020	Course: EXEPP6499 Principles of Epidemiology. Instructor. Executive Master of Science in Epidemiology. Department of Epidemiology. Columbia University Mailman School of Public Health.
2018-present	Course: Analysis of Complex Survey Data. Co-Instructor. Epidemiology's Summer Institute at Columbia University (EpiSummer). Department of Epidemiology. Columbia University Mailman School of Public Health.
2017	Course: EXEPP9400 EPI IV: Critical Thinking in Epidemiology. Teaching Assistant. Executive Master of Science in Epidemiology. Department of Epidemiology. Columbia University Mailman School of Public Health.
2016-2019	Course: EPIDP8438 Design & Conduct of Observational Epidemiology. Teaching Assistant. Master of Public Health. Department of Epidemiology. Columbia University Mailman School of Public Health.
2016	Course: EPIC2016 Social Network Analysis. Epidemiology and Population Health Summer Institute at Columbia University (EPIC). Teaching Assistant. Department of Epidemiology. Columbia University Mailman School of Public Health.
2016	Course: EPIDP8415 Chronic Disease Epidemiology. Teaching Assistant. Master of Public Health. Department of Epidemiology. Columbia University Mailman School of Public Health.
2015	Course: EXEPP6103 Introduction to Biostatistics. Teaching Assistant. Executive Master of Science in Epidemiology. Department of Epidemiology. Columbia University Mailman School of Public Health.

## INVITED LECTURER

2020-2023	Title: <i>Epidemiology of Mental Health Disorders</i> . Course: EPIDP8415 Chronic Disease Epidemiology. Department of Epidemiology. Columbia University Mailman School of Public Health
2023	Title: <i>Population Health: Rose's Sick Individuals and Sick Populations</i> Course: General University Education. College of Medicine, Autonomous University of Nuevo Leon (UANL).

## PROFESSIONAL PRESENTATIONS

### PROCEEDINGS OF MEETINGS

1. Symposium coordinator and speaker at SER 2024. Session: "A regional SER chapter for epidemiology: Mexico and beyond". Society for Epidemiologic Research (SER) annual meeting. Austin, Texas, 2024.
2. Symposium coordination and organization at SER Mid-Year Meeting "Mexico-US experiences and needs in epidemiology". Lecture presentation: *Mexican students experience in SER*. National Institute of Public Health in Mexico. Cuernavaca, Mexico. 2023.
3. Symposium coordination and organization. Session: Policy effects, target trials, simulations, and forecasting: creative methods in substance use epidemiology. Society for Epidemiologic Research (SER) annual meeting. Online. 2021.
4. Symposium coordination and co-chair on the session: This is your body on drugs: health consequences. Lecture presentation: Nonmedical Prescription Opioids and Cardiovascular Disease. 81st Meeting of The College on Problems of Drug Dependence. San Antonio, Tx. 2019.

### ORAL PRESENTATIONS IN THE LAST 5 YEARS

1. Does smoking increase the risk of COVID-19 infection?. Society for Epidemiologic Research Annual Meeting. Online 2021.
2. The association between prescription opioid misuse and suicidality in United States adolescents: NSDUH 2015-2017. Society for Epidemiologic Research Annual Meeting. Online. 2020.
3. Nonmedical Prescription Opioids and Cardiovascular Disease. 81st Annual Meeting - College on Problems of Drug Dependence (CPDD). San Antonio, Texas. 2019.

### POSTER PRESENTATIONS IN THE LAST 5 YEARS
